From the Desk of Wayne Mansfield:

G'day Wayne Mansfield here with a quick note...

Patch Adams is in Australia THIS Weekend!

As I haven't seen anything at all on the promotion of a very special series of seminars featuring **Dr Patch Adams**, the world most loved MD and subject of a major Hollywood movie being held this coming weekend in **Townsville, Brisbane and Perth**. If there is any chance at all of you attending... maybe you haven't either and I think you should be there.

According to the promotional material from **Empowerment Institute**

Dr Patch Adams, returns to Australia on September 15 and 16 to headline a "**Secrets of Great Achievers**" seminar which aims to empower people to greater health, wealth, and happiness, while fundraising for homeless youth.

"**The idea of living joyfully is one of the most irritating philosophies I offer**" the professional clown and founder of the Gesundheit Institute says. "My opinion is that depression is never a symptom of disease, it's a symptom of loneliness, and that irritates a fair number of people. But I'm here to be a provocateur. No public school in the world teaches love and joy, and Australia has the highest teen suicide in the world."

One of the world's truly inspiration citizens **Dr Patch travels the world 300 days a year** (and has done for the past 40 years) to natural disaster zones, war zones, orphanages, hospitals, and third world countries as well as corporations and places of learning as a 62 year old clown first and doctor second bringing messages of hope, love and positive change. His work has seen him fully embrace the concept of building a joyful life from the joy that caring brings. He believes too in the impossibility of burnout through the richness of giving loving service to others.

Other people featured in the sessions include:

- **Lynda Dyer**, a neuro linguistic programming coach helps unlock your full potential and awakening the sleeping giant within.
- **Richard Hill** presents neurobiology and helps you understanding the brain and the mind.
- **Ron Lee** is the "corporate ninja" presenting in Zen and the art of attracting what you want with less effort.
- **Pauline Purvis** teaches you to draw prosperity easily and effortlessly into your life with the right mindset.

\$10 from every seat sold in each city will aid the Youth in Need campaign, an initiative of the Lord Mayor's Community Trust Brisbane to aid the record numbers of homeless youth in Queensland, the highest in the country. See http://www.lmct.org.au/current_initiatives
