is the dream our host Geoff created. Cradled in the heart of Australia's nature we are enchanted with the lush environment, home to the wrens; kangaroo's are often seen feeding and journeying and in the Aussie bush all year round you find native flowers and adventure. These experiences and wholesome meals are an additional bonus to the Mastery program discoveries. A master educator, Sylvia facilitates this life changing Mastery program.

When you are seeking change and direction or a bruised or injured soul longing for the soothing balm and healing truth of spirit energy or a spiritual practitioner seeking to take your self and career to the next level, our five and seven day Mastery retreats expand your experience, providing new approaches and understanding.

**From Sylvia**

During January my heart was touched by the many people who were prepared to give up their summer days to learn with us, how to do the future different and better.

It is heartening to see more and more people in everyday life awakening to self-awareness and self-responsibility.

It is not too late to make changes for life. The commitment by people to make change through our Mastermind class was more than I had experienced in any other such class, that receptive input energy, flowed through to our Mastery program even though it was a different group of people.

This demonstrates to me that people are ready to give up their unfulfilled lives and become all that they know they can be. Deep down everyone knows that love and freedom is their birthright.

Learn how to break through limitations. Align your truth to the beauty and simplicity of nature, stay connected to the earth, resolve issues, tune into your grandest dreams of truth and allow abundance, truth and love to become reality for you.

Thank you to all who write and share your experiences with us, your messages keep our hearts warmed with love and excitement for all our readers. We love to hear of the changes and awareness happening in your life. Keep corresponding to us - Tracy in the USA has invited us to Iowa for a Mastery program, please let us know if you wish to join us there.

Everlasting love and rich blesSings to you, **Sylvia & David**

TESTIMONIALS 28.01.2007.

I came to Sylvia and the Mastery program not knowing what to expect because I have never been involved in anything like this before. I leave after a mind blowing experience that I will never forget. The information I gathered will be with me for the rest of my life. Sylvia you are amazing, thank you for the journey. Rob M. Business Manager

Not knowing what Mastery in Theta level 1 & 2 would cover other than knowing (having studied hypnosis) of the Theta state, it was DEEP. Oh wow! The exercises we were given to explore and experience in a safe and supportive way, with Sylvia's guidance I was able to breakthrough a particularly scary incident, to be open to my future with patience, acceptance and knowing my 'knowing'. Thankyou. Vere N.G.

TESTIMONIAL

People asked me why my husband and I were doing the relationship weekend; our marriage was stable and had lasted the years! We just felt maybe there were some areas that we were not consciously aware of, where we could do better. This weekend was an eye-opener our relationship has grown from really good to sacred and beautiful. JR.

I want my Mum & Dad to do this retreat every couple of years. It made a difference at home. RT.
